25th Anniversary Fete
For Madison's Mayor;
Shapiro to Speak

Stephen A. Maeras—first and only mayor of the city of Madison since it was incorporated in 1942—will be honored Saturday evening at a dinner marking his silver anniversary as the city's top official.

A "sell-out" crowd of 600 persons will attend the event in the Venice-Madison American Legion Home in Venice, at which Illinois Lt. Gov. Samuel H. Shapiro will be the principal speaker and mayors and city officials from many surrounding communities will be on hand to pay tribute to the mayor's long-standing service to the community.

Gov. Otto Kerner had been scheduled earlier as principal

speaker at the 25th anniversary observance, but notified sponsors of the program Tuesday that he would be unable to attend because of business involved in his transition from the governorship to a federal judgeship.

Reservations Sold Out
The testimonial dinner is being given by business and civic leaders of Madison, headed by Avery Schermer as chairman. Schermer said the ticket committee, made up of Harry Johnson as chairman, William Clinton, Henry Baucum and Gene Daley, reported a ticket sell-out several weeks ago for the Legion Home capacity of 600 persons.

Arrangements for the event have been in charge of Lawrence A. Palles, chairman, and Joseph Glick and Jack Friedman. Speaking arrangements were made by Harvey Miller and special arrangements have been directed by Chester McManaway and Gerald Moss.

Canterbury, 50, 27 Moorland drive, and Mrs. Eva Canterbury, 48, of the same address, were treated at St. Elizabeth Hospital shortly after 7 a.m. yesterday for injuries suffered in a three-car collision at Third street and Madison avenue, in Madison. Mrs. Canterbury was admitted, suffering a serious laceration to the scalp, and injuries to the right knee and left shoulder. Canterbury was treated for contusions to the shoulder, x-rayed and released. Both were taken to the hospital by ambulance from the accident scene.

State's Clean Air Board Oks American Steel Plans

The Illinois Air Pollution Control Board, meeting Tuesday at Springfield, approved today a special meeting Monday night to replace two open hearth furnaces with two electric arc furnaces.

Plant officials said one of the new furnaces will be installed by late this year and the second by the end of 1968.

Also approved was slag tap air pollution control equipment planned by the end of this year.

(Picture on Page 3)
The Granite City Air Pollution Control Board voted in special meeting Monday night to ask the city council for funds to hire an assistant technical board secretary and to buy sampling equipment with which the board may do its own monitoring of air pollutant emissions.

The board specified a sum of \$6000 for purchase of equipment. It also voted that the amount of salary for an assistant technical secretary would be \$12,000 a year, plus the cost of the man eventually hired.

Action on the proposal followed a two-hour discussion of the dust and circulation received by the board that had originated at the city council. The board's oxygen furnace plant is seriously damaging homes and autos and creating a health menace. The

New Voter Filings In Sharp Upswing

Present Cards Good
For Primary Unless
There Are Changes

Voter registration is in an extensive "upswing this year with a much higher rate of new registrations than in pre-election registration activity of previous years, Miss Eulalia Hotz, Madison county clerk, reported today.

At the same time, Miss Hotz appealed to voters who already are registered not to send in their Voters' Certificate of Identification (pink card) unless there is a change in the name or address printed on the card.

Many persons who misdirected the registration card, resulting in the county clerk's office, adding to the already great volume of work resulting from this year's registration drive, with the belief that the cards must be sent in for renewal.

All identification cards bearing expiration date of July 1, 1968, will automatically be renewed after Aug. 1, and will expire four years later in 1972, Miss Hotz explained.

Must Change Address
If the voter has moved, however, and the present address is different than the one on the pink card, the new address may be noted on the reverse side of the card, which then should be mailed to the county clerk's office for correction.

Miss Hotz said that the new mobile registration unit—a motor van which is taken to various parts of the county on specially advertised dates—has attracted wide attention and is responsible for much of the increased opportunities for registration activity.

She said the parked van serves as a reminder to passing motorists that they either need to register or correct their current registration records.

Using the new mobile unit and bus, the reverse side of the heavily populated areas, the county clerk's office inaugurated a series of special registration periods in mid-April. Miss Hotz said the greatest numbers take advantage of registration opportunities at shopping centers on Fridays and Saturdays.

At the beginning of the special registration schedule, she said, there were 111,443 registered voters in Madison county. She said she is unable to give the increased volume of registrations resulting from clean up activities.

CLEAN SWEEP By Quad-City official down walk symbolizes official opening of annual Tri-Cities "Clean Up—Paint—Fix—Up" weeks which start on Monday and continue through Saturday, May 18. Toby, general chairman of the C. of C. campaign.

Clean Up Weeks' Area-Wide Clean Up Drive Pickup Schedule Gets Under Way on Monday

Special pickups of trash and rubbish by Granite City street department trucks as a phase of the annual Tri-Cities Chamber of Commerce Clean Up—Paint—Fix—Up campaign will start Monday in the West Granite area at 9 a.m. It was announced today by Keith R. Toby, general chairman of the program.

Street department trucks will make pickups during the first day of the campaign in the West Granite area as far east as the railroad tracks. During the remainder of the week, pickups will be made in the remainder of the city. The campaign is a joint effort of the Tri-Cities Chamber of Commerce and the city of Granite City. It is designed to clean up the city and to improve the appearance of the city.

Plans for reconstruction of the Wilbur Waggoner Trucking Co. office and garage were obtained filled-in forms from businesses and industries outlining the type of improvements that are contemplated during the cleanup period.

Chamber Suggests Projects
In general, the Chamber has suggested that firms improve the attractiveness of street and highway sides of their plants, repaint trucks, loading platforms, fences and, where possible, to turn vacant company land into gardens, a park or a golf field, or plant trees and shrubbery.

Other suggested projects include resurfacing of parking lots, repainting of sidewalks, improvement of sidewalks, donation of packets of flower seeds to employees, placing cleanup messages in pay envelopes, supplying cleanup posters and using house publications to inform employees of the company's participation in the program and urging employees to undertake cleanup projects.

Homeowners have been urged to clean up alley lots, back and front yards, vacant lots and to clean up attics, basements, gutters, garages and porches.

Forms will be distributed to area school pupils during the campaign to obtain pledges from those willing to undertake cleanup projects such as painting homes, fences, screens, planting vegetable gardens, shrubbery and flower gardens.

Students to Help
The student who signs the form also pledges himself not to be guilty of throwing any kind of trash on the floors in his school, on the sidewalks, on the highways, on public grounds, park buildings, public buildings or in alleys.

He also pledges by signing the form that he will pick up any trash, papers, bottles, cans, candy, chewing gum and other waste, paper bags, newspapers, paper cartons or cups from any place that he

The Quad-City's annual Clean Up—Paint—Fix—Up campaign officially will get under way Monday with an intensified schedule of trash and rubbish pickups throughout the Tri-Cities area in the West Granite area at 9 a.m. It was announced today by Keith R. Toby, general chairman of the program.

FBI Joins Probe Of Explosion at Waggoner Firm

Plans for reconstruction of the Wilbur Waggoner Trucking Co. office and garage were obtained filled-in forms from businesses and industries outlining the type of improvements that are contemplated during the cleanup period.

The suspect was stopped by the police shortly after the explosion at 1:20 a.m. Monday, but at that time did not know that a car fitting the description of that driven by the suspect was being sought by the police.

Police officers, however, had obtained his name and address and he was being questioned Monday afternoon.

FBI agents out of the Belleville office are now investigating the explosion.

Monday's explosion tore the front of the trucking firm building and collapsed more than half of the building into Market street. Police estimated at least ten pounds of dynamite had been used to cause damage to that extent.

The blast was the third within a year involving the firm. Last summer a crane was damaged by an explosion.

Several members of the audience interrupted to charge that the emissions from the steel plant stacks are still visible. Although the red dust pollution has become a source of mounting concern, including four city aldermen—William Dallas, Charles Moerlen, Richard Fry and Ford Johnson, Alderman Sam Whitmer is a member of the clean air board.

Prof. Erwin Hoelscher, technical secretary to the board, reported that he recently took samples to identify dust particles and had determined the presence of the pollutants up to a mile and a half from the steel plant.

Illinois Fights Columbia Bottoms Flood Protection

Opposition to a flood control plan for development of the Columbia Bottoms site for industrial and airport construction was spearheaded by an Illinois Metropolitan area industrial group yesterday at a public hearing held in St. Louis by the Army Corps of Engineers.

Generally the program was opposed by interests on the Illinois side of the river and supported by St. Louis and Missouri leaders.

Carl A. Ranft, general manager and secretary of the Tri-City Regional Port District in Granite City, told the hearing "It would be against the best interests of the entire metropolitan area to spend millions of dollars for an area that will not be needed for years to come." Ranft pointed out that there are 12,000 acres of land suitable for industrial development in the Quad-City area, making it unnecessary for huge expenditures on the Columbia Bottoms site.

Price Opposes Plan
A letter of opposition to the plan by Cong. Melvin Price of the 24th Illinois Congressional district, was presented at the hearing which was held at the Soldiers Memorial. Cong. Price said he opposed commitment of federal funds if the "sole reason" for the project was based on development of auxiliary airport facilities. Price opposed the two airports located on the Illinois side of the river.

(Continued on page 4, col. 8)

Predicted Longer Delay
Officials had predicted earlier that books for the Quad-City area townships might be delayed from six weeks to two months because of the time required by the review board to adjust assessments upward to prevent an increase in the city's assessment multiplier.

Miss Hotz said tax books for Venice and Nameoki township are expected to be completed within a few days of the Granite City books.

Rich said he will employ clerks to complete the work within four weeks. The work usually takes six to seven weeks.

The way was cleared to complete work on the Quad-City area tax books yesterday with receipt from St. Clair county of a new 1967 assessment figure for the East Side Levee and Sanitary District.

The levee district assessment has been received so late in previous years that Miss Hotz's office has been applying the tax rate of the previous year in computing total taxes for the Quad-City area which lies within the levee district.

She said she was notified a month ago that the assessment figure would be available this year "by the last of April."

Use Current Rate
Receipt of the official valuation figure and rate extension from St. Clair county will enable the city to complete its assessment figure.

Tree Planting at Civic Park Will Honor Whitehead

C. P. Whitehead, retired president and board chairman of General Steel Industries, will be honored at a tree planting ceremony in downtown Civic Park at 10 a.m. Monday. It was announced today by Barron Loman, president of Granite City park board.

All interested persons are invited to the ceremony at which a white birch tree is to be planted, as announced last year by the board given by Granite City Trust & Savings Bank in honor of Mr. Whitehead.

Loman said all of Whitehead's friends and business associates are invited to renew acquaintances. Whitehead and General Steel aided in the development of Civic Park, along with other industries, firms and individuals.

Park commissioners and a number of officials will be participating. Whitehead retired in April 1960 and continues as a member of General Steel's board of directors, serving as chairman of the finance committee.

President of GSI from July 1945 until July 1964 and also served as board chairman.

April was not the traditional rainy month this year. Total precipitation of a mere 1.63-inch was recorded on eight days and was 2.08 inches below normal for the month. For the first four months of the year, Quad-City precipitation totaled 4.92 inches, which is 3.15 inches below the normal amount of 10.07.

Rainfall measurements, including snow, have not reached the two-inch mark for any month this year.

Normal annual precipitation was 1.34 inch, compared to the normal of 1.98-inch, and in February

MORE ABOUT Clean Air

plant. These were minor, however but grew in intensity as the sampling approached the plant area. He noted that "all pollution can't be blamed on the BOP plant... there is dustfall and other pollutants from other sources to be considered."

Hoelscher, in answer to a query by Bienecki, said that in his opinion the corrective methods planned by Granite City Steel Co. "sound reasonable" and appear to be the only action that could be taken to solve the problem of wind-circulated dust. He said that the only way to determine definitely if these methods are the proper answer is to "wait and see."

He pointed out that the steel

plant plans a test immediately of the use of large metal hoppers to collect the dust from the precipitators. The hoppers then can be sealed and hauled to the company's landfill where they can be emptied.

Bienecki said he had written to officers of other large steel firms to determine if they had encountered similar problems. As a result he learned that Granite City is unique in that it has a residential area so close to a BOP plant.

"This is not a usual situation and it may mean that we can obtain full compliance with the air pollution ordinance and still not fully correct the problem," Hoelscher pointed out that neither the Illinois State Air Pollution Control regulations nor the Granite City clean air ordinance make any provision for control of ground surface

pollution such as wind-whipped particles.

A mechanical breakdown of a precipitator valve at the steel plant several weeks ago, resulting in the heavy emission of smoke and particulate pollutants from the attack, was explained by Hoelscher who said he had been given a "guarantee" that such an incident would not reoccur.

Macios asked if such a guarantee had been put into writing and Hoelscher said it had not. Several board members noted that no one can guarantee the function of a mechanical device with certainty.

Decision to seek more help for Hoelscher who serves only on a part-time basis, and to obtain equipment for sampling was reached after Hoelscher pointed out that the board never will be able to pinpoint pollution sources nor identify various types of pollutants until it is in a position to make tests, take samples and document its findings.

Hoelscher pointed out that the one day per week he devotes to the job is insufficient to accurately chart development in any given pollution problem. Bienecki pointed out also that Hoelscher will not work through June, July or August, leaving the board without a technical secretary.

Suggests Laboratory Tests
Whitmer suggested use of the St. Louis Testing Laboratories in determining whether the red dust emissions are from ground-surface pollution or from stack emissions. He noted that the city employed the laboratories firm in determining the source of pollutants causing paint discoloration in various parts of Granite City several years ago for a fee of \$10,000.

"The equipment used for that work cost about \$300," Hoelscher said. "If you had your own equipment you could make your own tests and still have the equipment when the work was finished. That means you paid the laboratories \$7000 for labor and profit."

Whitmer suggested that if the board planned to proceed with a request for funds from the city "now is the time to do it" because the city will be working on its new budget soon. Board members pointed out that the red dust problem must be remedied before persons whose homes have been dam-

500 Boys to Take Part In Scouting Camporee

More than 500 Boy Scouts from the Uniwah (Quad-City Area) and Kickapoo (Bond county) districts will take part in the spring camporee to be held at Pere Marquette State Park on Friday, Saturday and Sunday.

Camporee Chairman William F. Hoelscher said, "This entire camporee will be centered around the Sequenecennial celebration with special speakers who will give presentations on either historical subjects or additional knowledge on the benefits reaped from the resources in Illinois."

In addition, Frank Joachimstahler of Collinsville will sing ballads relating to the Illinois history at the camporee campfire Saturday night at 8:30. He began folk singing while performing with an Indian dance group.

Speakers on the Sequenecennial will be — Charles McMackin, "Illinois at the Time of Statehood;" Roy Lynn, "Various Anecdotes and Incidents in the Life of Lincoln;" William

able the Madison county clerk's office to use the current figure this year, as adjusted to compensate for the unofficial levee rate used for collection purposes last year.

New levee district valuations are \$242,900.31 for Madison county (the Quad-City area) and \$297,325.195 for St. Clair for the levee district is 45.4 cents per \$100 assessed valuation.

To adjust the rate for Madison county taxpayers and therefore compensate for an unofficial rate used last year, Miss Hotz said her office will extend at 41.5-cent rate for the Madison county section of the levee district.

Establishment of the levee district rate results in an overall tax rate of \$4.894 per \$100 assessed valuation for all six taxing agencies in Granite City. These include: Corporate, 68.3 cents; school district, \$2.705; park district, 17.1 cents; township, 6.3 cents; county, 35.7 cents, and levee district, 41.5 cents.

True to Pattern
Assessment figures for the levee district show that 1967 valuations followed the same pattern as those of the last ten years—a sizeable increase in Madison county areas of the levee district and a further reduction in the St. Clair valuation.

The 1967 valuation of \$242,900.31 for Madison county is

an increase of \$9,315,532 over last year's Madison county assessment amounting to \$233,614,859.

The new 1967 assessment for St. Clair county amounting to \$297,325.195 is a further decline of \$2,176,998 below the 1966 assessment of \$299,502,193. Ten years ago for the 1957 tax year levee district property valuations in Madison county amounted to \$170 millions while the St. Clair county valuation within the district was \$331 millions—a spread of \$161 millions between the levee district assessments of the two counties.

On the basis of the 1967 assessment figures, Madison county levee district valuations have risen during the ten-year period by \$72 millions while St. Clair county valuation within the district has dropped \$34 millions.

Persons who have not registered or corrected current records with address or name changes by May 13 will be unable to ballot in the June 11 Democratic and Republican primaries.

Miss Hotz pointed out that

voters must register in person. Illinois statutes do not permit registration by mail. Persons who will be 21 years of age on or before June 11, date of the primary elections, must register on or before the May 1 deadline.

Recent amendments to registration laws provide that incapacitated persons who are qualified as voters, which requires one year's residence in the state, 90 days in the county and 30 days in the same precinct may request the county clerk's office to send a registration team to their home to register them. Under no other circumstance does the law allow house-to-house registration.

More than 165 persons who are in United States Service have applied for absentee ballots thus far, Miss Hotz said.

LIBERTY BELL AWARD for outstanding community service being presented to Carl Mathias (left), manager of the Illinois Power Co., Granite City, by Circuit Judge Harold R. Clark during Law Day ceremonies yesterday morning. The award is made annually by Madison County Bar Association.

Carl Mathias Honored at Law Day Ceremonies

Carl E. Mathias, manager of the Illinois Power Co. in Granite City, was presented yesterday the Liberty Bell Award of the Madison County Bar Association for outstanding community service.

The award — a plaque and certificate — was presented by Circuit Judge Harold R. Clark during brief Law Day ceremonies in Courtroom No. 3 in the courthouse at Edwardsville. The award is presented annually by the bar association.

In making the award, Judge Clark told the audience of more than 100 persons that the citation was in recognition of Mathias' efforts in "promoting better understanding and respect for law and the courts, stimulating individual responsibility among citizens and contributing to the effective functioning of our governmental system."

Judge Clark commented that nowhere in the world "is life so valued as it is in this country and the courts and the bar are devoted to adjudicating the rights of individuals."

Chief Circuit Judge James O. Lewis.

District Tennis Meet Opens Here Friday

Granite City will be one of 14 teams hosting district tennis competition starting Friday afternoon as the Warriors try to win their third straight district tournament.

The tournament is scheduled to begin at 2 p.m. Friday with matches continuing as long as daylight will permit. The finals will start Saturday at 9 a.m.

The sets will be played at either the high school or the Wilson Park courts.

The Warriors are a favorite to win the tournament after going undefeated for the last 27 straight meets. The Warriors have five boys who went to the State finals last year. In doubles play will be Bill Harris and Louis Mehl on one team with Keith Nagy and Mike Welser on the other. Welser did not compete in last year's district meet.

The first and second-place winners in singles and doubles from each district center, together with the four singles and doubles teams from the Chicago Public Schools Athletic Association, will compete in the state final to be held at the University of Illinois, Champaign, on May 17-18.

There are more than 100 downstate schools competing in the district

tournaments at the 14 centers. Schools assigned to the Granite City tournament are Alton, Belleville East, Belleville West, Civic Memorial, Collinsville, East St. Louis, Edwardsville, Lebanon, Madison, Mascoutah, O'Fallon, Roxana, Trenton, Westview and Wood River.

New Trier East High School, Winnetka, won first place honors in 1967 and Central high school of Hinsdale was runner-up.

Warrior Nine Holds on For 2-1 Win Over MHS

The rivalry between Granite City and Madison high schools was picked up again Monday afternoon as the Trojans were at the Warrior diamond, only to go down in defeat 2-1.

The game had been scheduled for April 9 but was postponed in respect to Dr. Martin Luther King's slaying.

Jeff Jones was the winning pitcher as he hurled for seven and two-thirds innings, giving up only two hits, striking out eight batters and walking four. Don Bunk, the Trojan pitcher, gave up only four hits, struck out four and walked one.

The game was one of the fastest played at Wilson Park this season, as the two teams were batting in the fifth inning by 5 p.m. The game actually started at 4 p.m.

Neither team had an earned run cross the plate. The Trojans went scoreless until the seventh inning when Bunk reached first base on a walk, Bill Campbell singled, Jim Scoot walked, and Dale Clinton popped to the

second baseman, but a mixup in plays resulted in Bunk scoring. Bob James walked to again load the bases, then was picked off to end the game.

The Warriors scored their runs in the first inning as Gary Simpson singled, Bill Schmidt was safe on an error and Roger Bolche was out on a fielder's choice, moving the runners to second and third. Jim Becker hit an easy pop fly to the first baseman, who dropped it allowing two runs to score.

Rains Fans 10 As GCHS Downs Flyers In 3-1 Game

The Granite City high school Warriors baseball team defeated the East St. Louis Flyers 3-1 Tuesday afternoon in a Southwestern Conference game at Wilson Park.

The Warriors scored once in the third inning and twice in the sixth off pitcher Carl Ehalt. The Warriors pounded eight hits and went errorless.

The Flyers collected seven safeties off pitcher Don Rains as the winner struck out 10 and gave up only four walks.

The Warriors first run, coming in third inning, was the result of Bob Lewey and Gary Simpson reaching first base on dropped third strikes before a single by Walter Schmidt. Jim Becker singled to load the bases but the next batter grounded out.

In the top of the sixth inning the Flyers loaded the bases with no one out. Rains caught the next man, then caught a line drive and tossed to first base for a double play.

With one out in the bottom of the sixth Rich Logan and Rains singled and Lewey was issued a walk. Simpson singled home one run and Schmidt hit a sacrifice fly for the other.

GC Cops 3rd in County Track Meet; Alton Wins

Dave Mullinax and Carl McDowell turned in their best times of the season Tuesday as the Granite City high school Warriors track team finished third in the Madison county meet held at the Alton Red Birds track. Alton won easily while Madison failed to score.

Coach Jim Morrison said, "I feel that the boys hit a peak for the meet at Mattoon and then fell short of what we expected. Now we have to ready ourselves for the district tournament beginning next week."

Jim Jones was scheduled to compete in the 220-yard run but had to be scratched at the last minute when he found that he was in too much pain. It was an old football injury that had been hampering during the week.

Jim Wiggers' Red Birds won the meet for the 15th straight year as they piled up 165 points and set records. Belleville West was a distant second with 42 and Granite City had 29. Next in line were Edwardsville 28½, Bethalto 15, Wood River 10½, Triad eight, Roxana three, Marquette three and Madison.

Mullinax was the only first place winner for the Warriors, winning the high hurdles in 15.6 and placing second in the low hurdles in 20.4. The warrior 880-yard relay at 3:24.8 and mile relay team at 3:22 placed second.

Dave Salich won a fifth place in the shotput with 47' 7". Rich Hull at 2:40.4 and Jim McDulley at 2:05.2 were third and fourth in the 880-yard run; McDowell was third in the 440 with a time of .52 and Jim Jones at :10.4 placed fourth in the 100-yard dash.

The next outing for the Warriors will be at the East St.

Louis relays tomorrow afternoon starting at 4 p.m. Madison competes in the Midwestern Conference meet today with preliminaries beginning 4 p.m. at Roxana with finals scheduled to start about 5:15 or 5:30.

Madison Plans to Improve Streets, Sets Parking Rule

The Madison city council adopted a supplemental resolution appropriating an additional \$12,000 motor fuel tax funds for street maintenance during the year and banned parking on the west side of State street at a meeting Tuesday night.

Trucks parked on the street were considered a nuisance.

Arterial streets to be resurfaced include: Iowa from Seventh to the north city limits; Alton avenue from Elizabeth to Sixth; Greenwood from Elizabeth to Edwardsville road; Edwardsville from Alton to McCambridge avenue; Seventh from Madison avenue to Alton; Eighth from State to Madison.

Tenth from State to Madison and Washington to Alton, 12th from Madison to Greenwood, Rhodes from Sixth to Farish, West Third from Bissell to Madison, Market from Washington to Ewing, Highland from Collinsville to Second and Fourth to Fifth, Reynolds from Elizabeth to Edwardsville, 13th from State to Washington.

Fourteenth from the north city limits to Madison, McNair from Edwardsville to Harris, Sixth from State to Madison, Lee from Seventh to 10th, Beckwith from Rhodes to Farish, Elizabeth from Washington to McCambridge, Collinsville from Ewing to McCambridge and Kennedy from Greenwood to McCambridge.

Non-arterial streets to be improved with city funds are West Second from Bissell to Madison; Jefferson from the railroad tracks to the city limits and Farish from Harris to the L&M Railroad tracks.

Bridge Painting
Mayor Stephen Matras reported that specifications have been received from Hardesty & Hanover, consulting engineers, on four plans to paint the old Chain of Rocks bridge this summer. The bridge was last painted in 1938, and the city has the responsibility of bridge maintenance.

The options are to clean and paint all of the steelwork or just eight feet above the deck, with the span to remain either open or closed. Action is to be taken at the May 14 meeting when bids may be called.

The mayor also reported that an analysis of water last month showed that the system was satisfactory and that it contained no bacteria indicating pollution.

The council approved a request of William T. Gushoff, operator of a Pepsi Cola facility at Eighth street and Madison, to extend the driveway by 17 feet. He previously received permission from the state highway division.

Anonymous Letters
The mayor complained of receiving anonymous letters without signatures. "I just pitch them into the waste basket," he said. "Names can be kept confidential, but they are just wasting my time and their time if they do not sign them. Anyone with anything to say should have the gall to sign the letters."

Following the meeting the mayor and council conducted the government class at Madison high school through a mock city council meeting.

LAW DAY OBSERVANCE at the Army Depot yesterday was attended by about 100 persons. Among those taking part were left to right — Maj. David Davies, depot judge advocate; Prof. R. J. Childress of St. Louis University Law School, guest speaker; Col. Charles E. Hoskin III, depot commander, and Roy W. Strawn, president of the Tri-City Bar Association.

Former GC Resident Wounded in Vietnam

First Lt. Terry H. Jones, 21, a former Granite City resident whose parents both work in the local community, is convalescing at home on Rural Route One, East Alton, from multiple wounds received in Vietnam in February and early March.

He is to return Tuesday to Fitzsimmons Army Hospital in Denver, Colo., for additional treatment.

The Army officer is a son of Mr. and Mrs. David E. Jones of East Alton, formerly of Granite City. His father is employed in the BOF Division of Granite City Steel Co., while his mother, Wilma, is a registered nurse at St. Elizabeth Hospital.

Lt. Jones was serving with the 173rd Airborne Brigade near Dak To in the Central Highlands region of Vietnam when he was initially wounded on Feb. 4. He was in action again in the same area on March 3 when he was seriously wounded. He sustained multiple shrapnel wounds to the left hip and shoulder, a punctured lung and three fractured ribs.

His airborne division is the same unit in which three Granite City youths were serving who were killed in action and one wounded killing Hill 875 at Dak To, on Nov. 21. A fifth local youth, Dan R. King, a member of the same outfit, was wounded on April 3. The latter also is convalescing at Fitzsimmons Army Hospital.

A 1964 graduate of Wood River high school, Lt. Jones attended the University of Missouri at Rolla until midway through his sophomore year. He enlisted in the 101st Airborne Division in January 1966 and, upon arrival in Vietnam in November 1967, was transferred to the 173rd Airborne.

When wounded March 3, the serviceman was evacuated by helicopter from the combat zone to a field hospital at Pleiku, where he underwent surgery the same day. Later, he was transferred to the 249th Army Hospital at Camp Drake, Japan, arriving in Denver on April 6.

Lt. Jones' mother and sister, Janet, visited the paratrooper at Fitzsimmons Hospital, the day after his arrival and remained with him until his release for convalescent leave.

Faces Traffic Charges

Donald R. Bobbitt, St. Ann, Mo., was arrested by Venice police at 4 a.m. yesterday on a charge of violating a stop sign and driving without a driver's license. He was released on his own recognizance pending hearing on May 22.

Depot, Tri-City Bar Group, Clubs Observe 'Law Day'

"Law Day" was observed by the Tri-City Bar Association with a special luncheon yesterday at the Granite City Army Depot and the staging of a mock trial at Venice high school.

Guest speaker at the Depot luncheon was Prof. Richard J. Childress, of the St. Louis University School of Law. About 100 persons were in attendance, including representatives of the Tri-Cities Chamber of Commerce, Granite City and Madison Rotary Clubs, Venice and Madison Lions Clubs, NAACP, the Madison, Granite City and Venice Junior Service Clubs, Granite City Jaycees, Granite City Optimist and Kiwanis Clubs and the Bar Association.

Prof. Childress, associate dean, spoke on "Only a Lawful Society Can Build a Better Society." He stressed that all citizens must feel they have a stake in society and must be included in the system to have a lawful and orderly society.

Among the special guests at the depot luncheon were Major Gen. Charles C. Case, commanding general of the U. S. Army Military Equipment Command; Col. B. E. Babcock, commander of the U. S. Army Administration Center.

Also present were Maj. David Davies, post judge advocate at the Depot; Col. Charles E. Hoskin III, depot commander, and Roy Strawn, president of the Tri-City Bar Association.

Youth Legislature Passes 12 Bills At 'Y' Conference

Twelve bills were signed at the close of the YMCA's 19th annual Youth Legislature last week in Springfield, Mo., when attended by 10 members of the local "Y's."

The final joint assembly passed an unlimited open house resolution, breaking all other legislative precedents. The governor of the conference, Kenneth Kraft of Elmhurst, said he would veto it without personal privilege provisions.

The youths called for annual sessions of the General Assembly for budget purposes, air pollution controls, a repeal of the property tax and repeal of sales taxes on food, apparel and medical services.

Kraft hoped next year's Youth Legislature would enact a state income tax. He vetoed a youth bill repealing statutes of Illinois driving laws affecting persons under the age of 18 driving after curfew. A total of 75 bills were introduced.

Attending from Granite City were Jean Grablanoff, who served as chaplain of the house, Cheryl Clark, Vicki Couch, Wendy Decatur, Laura Jones, Pat Patton, Nancy Prusak, Linda Rains, Sue Taylor and Molly Van Buskirk.

Among organized groups planning to participate in the campaign is the Home Owners Improvement Club of North Venice which promotes the slogan: "Don't Move—Improve."

Mrs. Mahala Griggs, chairman, and Mrs. Shirley Guest, secretary, said the club began its clean up campaign early by appealing to Venice city officials to clean and cut weeds every week on vacant lots, to condemn vacant houses that are fire hazards and to prohibit loitering in front of taverns at anytime.

They said the city was asked to effect these suggestions beginning next week as part of the general cleanup campaign, adding that "we are hoping the two-week clean up campaign will not end in this area since we consider it to be the hard core of the ghetto and slum of Venice."

Wildlife Refuge Attracts Families of Area

Most of the people using the Crab Orchard National Wildlife Refuge for recreational purposes are in family groups on one-day outings for boating, swimming and picnicking, according to a Southern Illinois University study.

Results of the study by Dwight R. McCurdy, SIU assistant professor of forestry, specializing in forest recreation, and B. Gene Miller, SIU graduate student in forestry from Benton, are published in SIU Department of Forestry Publication No. 1. The publication title is: "The Recreationist at the Crab Orchard National Wildlife Refuge and his Opinion on User Fees."

Generally the persons using the refuge area are local families with three-fourths of them in the 18 to 44 age group. Only 20% are older than 44 years. Sixty per cent of the users represent communities of more than 10,000 population, while nearly 70% live within 25 miles of the refuge area.

Madison Countyans
Another 13% travel from 50 to 100 miles to use the refuge's recreation facilities, primarily coming from the metropolitan areas of Madison and St. Clair counties for one-day outings.

More than 1.3 million persons visited the refuge area during the May 15 to Sept. 15 high-use period of 1966 covered by the study. McCurdy found in interviewing more than 800 user groups during that time that about two-thirds were favorable to the user fees charged under the Land and Water Conservation Fund Act of 1963 at federal parks and recreation areas. The other one-third objected on the grounds that they are paying taxes which should entitle them to free use of such areas.

Use of Fees
McCurdy said most of those favoring the user fees thought the money would be used for improvements and maintenance of recreation areas at

Crab Orchard Lake. While most were aware before they arrived that the fees were being charged, most persons did not know that fee revenues did not return to the areas where collected but were allocated for acquiring new federal and state park areas.

McCurdy suggested that at least a portion of such fees should be returned to the collection areas for improvement of the areas. This would make the fee charges less unpopular with the visitors.

The study showed that about half of the users purchased the \$7 annual Federal Golden Recreation Passport good at all federal recreation areas charging entrance and user fees for the family or all persons in the private car. Most of the rest bought one-day permits at \$1 for the group in one car. Family groups and users who came from more than 25 miles were more inclined to favor the fees than did nearby residents or individuals and couples.

The award is presented annually to chapters displaying outstanding contribution in management and leadership in a community and for increasing chapter membership more than ten-per-cent in one year.

In announcing the award, Skip Dunkirk, Illinois Jaycee vice-president, noted the local chapter is one of the few clubs within the state to be so named for the "Blue Chip" honor on three consecutive occasions.

Sprucier Navy Dress Blues With Threadless Buttons

The Navy's dress blues soon may have a little sprucier button which won't come loose, but is easily replaced if it does, according to the Veterans Administration.

Lon Hermon of Chicago, the inventor, said the Navy's decision on the button will save a lot of needless thread. Hermon, who retired last month from the Veterans Administration Hospital at Downey, Ill., after 25 years employment, said he found that you don't even need a better mousetrap to assure that beaten path to your door. He's satisfied with his Threadless Resealable Button.

Supported by Navy endorsement starting at Great Lakes, the button was finally approved this week for dressing up the Navy's Dress Blues.

Army Considering
The same button is also under evaluation by the Army's Institute of Heraldry and there are indications that the Army won't be sewing on buttons much longer either.

Lon Hermon was a barber and hairdresser for 30 years before he went to work at Downey VA Hospital as a barber. Fifteen years later he switched occupations and had been a nursing aid 10 years when he retired at age 70.

Invention of useful gadgets has been his hobby and may well be the making of his fortune. He holds six patents, three of which are well known in beauty salons. They are the Pin Curl Comb, a combination of pin curl and brush, and an electric automatic scissors for cutting hair.

2 Metal Prongs
He considers the button his best creation. It's simple enough, having two metal prongs piercing the fabric, the folding back to keep the button permanently in place. It even has threaded buttonholes just to make the wearer look handy with a needle.

Hermon started work on the button five years ago and has found it necessary to apply for 11 patents. Meanwhile, production of the button is underway with the International Button Corporation in Tulsa, Okla.

Clark Rules on Payment To Mental Health Dept.
Atty. Gen. William G. Clark ruled this week at Springfield that \$50 is all that the Department of Mental Health can recover from responsible relatives for care of a person while the department investigates the private placement of a person while awaiting admission to a state facility.

He also has given an opinion that a magistrate, assigned by the Chief Judge of the Circuit Court, may conduct a conference upon tax objections and petitions for refunds and that the Illinois General Assembly can appropriate money directly to a specific city and such an appropriation does not violate the state constitution.

MAYOR DONALD PARTNEY signing Epsilon Sigma Alpha's Proclamation for ESA International Week, May 1-7. Standing on the left is Mrs. Carolyn Smith, president of Beta Phi Chapter, and on the right is Mrs. Joyce Albers, president of Alpha Xi.

Epsilon Sigma Alpha Sorority Observing National Week Miss Jennings Is Honoree

Mayor Partney has signed Epsilon Sigma Alpha's Proclamation proclaiming May 1 through May 7 as ESA sorority International Week. Thirty-nine years have been devoted to philanthropic, educational and social endeavors.

Alpha Xi chapter observed Founder's Day yesterday in the home of Mrs. Joyce Albers, 3119 Yale drive. Mrs. Albers and Mrs. Rosalee Buente gave a new pledge and addresses prepared by headquarters in Loveland, Colo.

Epsilon Sigma Alpha sorority was organized by 19 members in Jacksonville, Texas, in 1929 and has grown to one of the largest of its kind in the world to a membership of 50,000 in 1570 chapters throughout the world. Philanthropic projects total more than \$1 million annually.

Alpha Xi, a new chapter, has been added to the roster, and is new to Granite City. During the past year the chapter's local services have included September and December favors for St. Elizabeth Hospital's pediatrics ward, fruit baskets for the Colonades, a Halloween party for the older E.M.H. children, a cold water vaporizer to the pediatrics ward, contributions to the YMCA's young citizens visit to Springfield, sponsor of a park district recreational bowling team, sending a child to the YMCA summer camp and a \$25 donation to the Illinois Heart Association.

The Epsilon Chapter will observe its tenth anniversary in October and the president was the former Miss Phyllis Trachet.

During the year the members provided many charity projects for the community including the Heart Fund as their main interest, an Easter party for the children at St. Elizabeth Hospital, donations to the Salvation Army Tree of Lights, clothing and bed linens for needy families throughout the year. The next meeting will be a mother and daughter banquet on May 8.

Mrs. Carolyn Smith serves as Beta Phi Chapter as president and the chapter's project is aiding the mentally retarded children in the area. The members sponsored an Easter Egg Hunt for the children and send donations for the Day Camp held each summer. With 13 active members the chapter also donates to the Salvation Army, pediatrics ward of the hospital, gives books for the children's department of the local library and pays an annual visit with gifts for the patients at Colonades Nursing Home.

Miss Jo Ann Jennings was honored at a bridal shower given by Mrs. Murel Spengler and Mrs. James Goodin in the latter's home, 3700 Franklin avenue, this week.

Games were played with the prizes going to Dr. Emy Spith, of Belleville, Mrs. Marge O'Neill, Mrs. Judy McNelly and Mrs. Helen Bjorkman.

A luncheon was served from a buffet table centered with a bride surrounded by candles in colors to be used in the wedding.

Other guests included Mesdames Harriet Knobbe, Edward Knobbe, Nick Lombardi, Charles Lexow, Anthony Michel, Gary K. Forshee, Jon Toncoff, Steve Mezaros, Gerald Rosenberg, Ruth Ann Bartels, Miss Jennings, mother of the bride-to-be, Miss Jayne Knobbe, guests from St. Louis, Misses Mary Bell Fisher, en Dallas, Stephanie Landwehr, Dorothy Donovan, Mrs. Ray Rikman Jr. and Mrs. John Donaldson.

Wounded Twice in Vietnam

Friday Proves Eventful Day of Week for Sgt. Hicks

If Army Sgt. Willard F. Hicks Jr., a recent Vietnam returnee, is appreciative about Fridays, it is quite understandable. On two consecutive Fridays last month, he sustained fragmentation wounds from enemy mortar fire which confined him briefly at field hospitals and won for him two Purple Heart Medals, and on Friday, Nov. 6, 1966, he was called to active duty with the Army.

Not all Fridays present a dark omen to the local serviceman, however, as he arrived home from Vietnam after a 12-month tour of duty on April 19—also a Friday.

The son of former Nemoook township clerk and Mrs. Willard Hicks, who reside at 1061 Ruth drive, in Sunnyside Acres, just west of Mitchell, the sergeant currently is spending a 30-day leave at home with his parents. He is to report May 20 at Fort Lewis, Wash., where his expected assignment will include training troops, prior to their embarkation for Southeast Asia.

During his Vietnam tour, Sgt. Hicks served with the First Cavalry Division (Airmobile), the unit which provided the recent push through to the beleaguered Marine garrison at Khe Sanh.

It was enroute to Khe Sanh that the local cavalryman was wounded by hostile mortar fire on Friday, March 15, and again on Friday, March 22. Both times he was admitted to the First Cavalry's field hospital. On his final military operation

SGT. W. F. HICKS JR.

before returning home, the soldier's unit was within 1½ miles of the Marine outpost.

Sgt. Hicks also saw combat in the Central Highlands area of South Vietnam and was about four miles from Hue, the ancient Vietnamese capital, when the Viet Cong started their Tet offensive earlier this year.

In addition to the Purple Hearts, Sgt. Hicks also received the Air Medal with numerous assault jumps into the combat area from helicopter gunships.

A 1966 graduate of Granite City high school, the serviceman received training at Fort Lewis and Camp Polk, La. He will remain in the Army until Nov. 3, a Sunday.

His father is now union representative for a St. Louis local of the Electrical Workers Union.

Miss Patricia Pavia will present a solo, "God Bless America" preceding the dinner, with Fred Nergaen as accompanist. Following the dinner, Pavia will introduce guests and Mayor Alvin G. Fields of East St. Louis will introduce Lt. Gov. Shapiro.

Plan Presentations
The lieutenant governor's address will be followed by presentation of gifts by Avery Schermer and a special presentation of the Tri-Cities Chamber of Commerce by Ed with G. Schmitt.

Austin Lewis, a resident of Madison and an associate judge of the Third Judicial Circuit, will introduce the guest of honor, Mayor Pavia's response will be followed by Benediction by Father Engelbert Binek, pastor of St. Mary's Catholic Church of Madison, and adjournment.

Maeras' political and civic career dates back to the early 1930's. He is a native of Bucharest, Rumania, where he was born July 4, 1906, moving to Madison with his family when four years old.

He attended Madison elementary schools and graduated from Madison high school. In 1932 he graduated from LaSalle Extension University and continued to attend classes at Washington University from 1932 through 1939.

During the years he was attending college, Maeras was employed by Southwestern Bell Telephone Co. at St. Louis from 1925 to 1927, Barber Asphalt Co. from 1927 to 1929, and the Madison Coal & Feed Co. as salesmen and accountant from 1929 to 1939.

On School Board
In 1936 he made his first political venture, campaigning for membership on the Madison board of education. He was defeated. He was elected to the school board the following year, however, and served until 1943. He also was the board president. He was elected to the Madison village board of trustees in 1939.

In the same year he was named resident auditor for the Chain of Rocks bridge in association with Jack Howard, auditor for trustees of bondholders. He became general accountant at General Steel Castings armory plant in 1942, a post he held until 1944 when he formed a partnership with Frank Fijan in operation of an insurance business the two of them still conduct as partners. From 1945 to 1962 Maeras also was associated with W. J. Purcell, C.P.A.

He was elected mayor of the city of Madison when it was incorporated as a city in 1942, and has been the only mayor to hold the office since, having been elected to six consecutive terms.

Mayor Maeras is a director of the Tri-Cities Chamber of Commerce, a member of the Executive and Legislative committees of the Southwestern Illinois Council of Mayors and a member of the Southwestern Illinois Metropolitan Area Planning Commission.

Civic Activities
He is a past president of the Madison Rotary Club, a director of the Madison Lions Club, and Madison chairman of the Tri-Cities United Fund and Community Chest for the past 20 years.

The mayor also is a member and past president of the United Way district, Boy Scouts of America, a member of the board of directors of the Granite City YMCA, member of the Independent Order of Odd Fellows lodge 1031 of Madison, and

Cervantes Tells of Quad-City Influences on St. Louis

Steps taken by private industry and business concerns in the Quad-Cities to alleviate hard core unemployment have a direct influence on conditions in the St. Louis metropolitan area, St. Louis Mayor A. J. Cervantes told Granite City Rotarians Tuesday afternoon. "I believe that the problems found in St. Louis' inner-city region influence circumstances as events in the local four-community area."

"Each is dependent upon the other. As Granite City's industries go, so goes St. Louis and vice versa."

Addressing Rotarians at their luncheon meeting in the YMCA, the St. Louis mayor discussed current issues facing all metro-urban areas.

He said, "We are presently fighting two wars... the one in Southeast Asia which receives enormous financial support from Congress... and the other, to me of equal importance, is the war against unemployment on college campuses... and with the unemployed."

"Congress does not appear too concerned with this second war factor... it is willing to spend two billion dollars each month in Vietnam, yet allocates approximately one million to the cities," Mayor Cervantes said.

Threat to Nation
"I believe there is a definite trend toward this country becoming a 'two-society nation'... one black and one white. This condition threatens the future of America. Although many discounted the Kerner Report, I personally think it understated the urban crises confronting us."

St. Louis' chief executive withdrawal of affluent white families to the suburbs and the influx of poor whites and Negroes from rural and farming areas has brought about the vast concentration of unemployable and under-employed to the big city ghettos.

He cited Washington, D. C., and Newark, N. J., as prime examples and predicted the same situation will exist within the next two decades in Cleveland, New Orleans, Chicago and St. Louis, unless specific action is taken now.

A Standards of Living
"At present, we have two standards of living in this country," the mayor said. "In one, the average annual income is \$3,600... the other \$6,100."

"It is vital that private industry and business take the initiative in training and finding at least two million jobs for the hard core unemployed in the next five years. If we are to keep our free enterprise system going, these people have got to be trained, not at given handouts," he commented.

Unlike most white youngsters, the majority of young people living in the ghetto area have not received any directional guidance, Mayor Cervantes said. "They must be motivated and encouraged."

"This is a tremendous problem and cannot be solved with handouts... we must be responsible for creating a motivating force among the younger element, as these are the ones which can be helped."

"They must not be influenced by a member of the First Methodist Church of Madison. Mayor Maeras' first wife, Mary, is deceased. He is married to Mrs. Nigel Maeras. He has one son, Jerry Maeras, and daughter-in-law, Sally Maeras; a daughter, Mrs. Penny Phillips; and a stepdaughter, Mrs. Betty G. Ritchie and step-son-in-law, J. C. Ritchie, and two step grandchildren, Ted C. Ritchie and Jo Lynette Ritchie.

Franklin, 2449 Illinois avenue, at 3:20 p.m. Wednesday at 1818 State street. The truck, owned by Parks Transportation Co. of Madison, was driven by Charles W. Tjepelman of St. Louis.

Harold Landolt Drops

Fee From Committee

Harold Landolt, Republican Alhambra township supervisor and chairman of the county supervisors, has eliminated his most critical political foe from membership on any of the board's 26 working committees. Landolt announced his list of committee appointments for the 1968-69 year yesterday without naming Rodger Elbe, Wood River, to any post, not even membership on the insignificant Education and Historical committee which Elbe held last year. Elbe undertook investigation in late 1967 which led to widespread public criticism of a slaughterhouse which Landolt owns in Alhambra.

Miss Kutosky To Be Delegate For Girls State

Miss Barbara Jo Kutosky, daughter of Mr. and Mrs. Joseph Kutosky, 2963 Washington avenue, has been chosen by the American Legion Auxiliary Unit 113 as the Girls State delegate.

The choice is based on the girl's scholastic record at high school, including her grade average and ability to be congenial with other people, and she must be in her junior year in high school.

All the delegates from the state will gather at McMurray College in Jacksonville, Ill., the last two weeks in June, to study the Illinois State government as a training program. They will operate a mock state government by electing their own representatives and state officers. Miss Kutosky is enrolled at Granite City high school in the college preparatory course. She is a member of the National Honor Society, the Red Peppers, the Science Club, Girls Athletic Association, the Spanish club and also works in the guidance office as the dean's assistant.

She is a former member of the band, was wrestling queen, and was cheerleader during the football and wrestling seasons. Her father is on the high school faculty teaching in the machine shop and has a college degree in tool and dye machinery.

The announcement of her selection was made by Mrs. Pauline Birks, president, of the Auxiliary at their monthly meeting on April 24.

The 120-member band will return tomorrow after sight-seeing trips and a concert appearance at a New Orleans junior high school.

120-Member GCHS Band On Tour of New Orleans

A trip through the Vieux Carre, or French, Spanish and Creole Quarters of New Orleans, La., an area widely acclaimed for its uniqueness and historic lore, is only one facet of the annual spring tour being enjoyed this week by the 120-member Granite City high school band.

The students departed from the local high school via chartered bus early Monday morning, arriving at Blytheville, Ark., for luncheon at noon. By five o'clock the same evening the group was in Grenada, Miss., where they dined at the Monte Cristo restaurant, and reached their destination in New Orleans about 1 a.m. Tuesday.

Band members began their

exploration of the Vieux Carre at noon Tuesday, and continued to the New Orleans river section, where traditional plantation homes were viewed along the crescent-shaped bank of the Mississippi River, between the city and Lake Pontchartrain.

See Battlefield

The drive to Chalmette took the students past the historic field, site of the Battle of New Orleans, numerous banana docks, levees and berthed, ocean vessels from many countries.

In the Vieux Carre, such points of interest were visited, as the Ursuline Convent, among the oldest and most famed structures in America — the Quadrone, ballroom, Jackson Square, Piro's Alley, a haunted house, the Little Theatre, Napoleon House, site of the old Slave Market, and several French adobe cottages, constructed early in the city's 250-year history.

A high point of Tuesday's tour was a visit to St. Louis Cathedral, built in 1794 with funds supplied by wealthy Spanish nobleman, Don Andres Almonester y Roxas. Located in the heart of the city's old section and facing Jackson Square, originally known as the Place d'Armes, the cathedral continues today to be one of the most famous religious edifices in this country.

Relax on Beach

Yesterday morning, the youthful musicians presented a concert at the Kerr junior high school in New Orleans. The afternoon hours were then spent relaxing at Pontchartrain Beach, described as one of the finest outdoor amusement resorts in America.

Dinner on Tuesday and Wednesday was enjoyed at Morris's Cafeteria, where students dined in the atmosphere of an old-world Mexican courtyard.

Prior to leaving New Orleans this evening, an excursion to the downtown area again was arranged and many of the local young people spent the time shopping for souvenirs of the trip.

Accompanying the band members as chaperones are Mr. Louis E. Meek, GCHS band director, and Mrs. Meek, Joseph Owens, assistant band director, Mr. and Mrs. Earl McMillan, Mrs. Elvis LeGrand, Mrs. Homer Thurnau, Mrs. Jean Taratolich, Mrs. Roy Wilmz, Mrs. Nicol and Mrs. Boyer.

The group is expected to arrive back at the Granite City high school at about 2:30 p.m. tomorrow.

Miss Judy Friedman To Perform at U. of I.

Miss Judy Friedman, a sophomore at the University of Illinois, daughter of Mr. and Mrs. Jack Friedman of University City, Mo., formerly of Granite City, will be among students honored Friday at the home day convocation and also will be lead dancer and assistant choreographer for the musical program.

Four performances will be given on Friday, Saturday and Sunday for the annual Mothers Day weekend observance.

Miss Ballew Honored By University of Ill.

Bard Ballew, daughter of Mr. and Mrs. G. E. Ballew, 1146 Rhodes street, Granite City, has been named to Shorter Board, Senior Women's Activity Honorary at the University of Illinois.

The purpose of the Shorter Board is to honor junior women who have shown outstanding service and leadership in the extracurricular activities of the University. For selection, a minimum grade-point average of 3.5 is required.

Miss Ballew's selection was based on her contributions to several U. of I. activity groups. In the Illinois Union Student Activities, she served as Illinois Ticket Chairman, Elite Eight Hospitality Chairman, Block I Instructions Chairman, major chairman for IUSA Personnel, and worked on committees for Dad's Day and the homecoming.

In her sophomore year, she was district council chairman of the Senate. She was both social chairman and activity chairman for her sorority Pi Beta Phi. Presently, Miss Ballew is Judicial Board chairman for Panhellenic Council, the organization of sorority women and a member of the Panhellenic executive committee.

McKendree College Plans Parents Weekend May 4-5

The annual visit by parents will begin with registration at 10 a.m. Saturday. Parents will be treated to lunch and a presentation by the drama department. Later in the afternoon, a reception is planned to bring together faculty and parents.

After dinner in the evening, a panel of administrators and

faculty will discuss McKendree's recent progress and the challenges the institution will face. Parents will get a chance to direct questions to the panel.

The panel will consist of Dr. Edwin E. Voigt, president; Dr. Clyde Funkhouser, vice president for development; Dr. Emory Owen, academic dean; Dr. Paul Manuel, dean of students and Carl Stockton, instructor in history.

Sunday events are a concert by the McKendree College Choir and a film, "Monica."

City Studying Garbage-Trash Collection Bids

A recommendation is expected next Monday night from the Sanitation committee of the Granite City council on award of a contract for garbage and trash collection.

The present three-year contract with National Disposal Service, Barrington, Ill., in the amount of \$122,745-a-year, expires next month.

Bids received by the city include \$128,388 by Robert Jarrett & Ellis Angle Jr., a Granite City partnership, with a \$12,000 reduction if there is once-a-week summer pickup and a reduction of \$3000 if the city permits immediate use of the firm's own disposal area rather than maintaining the city's present dump, which is nearly filled.

National Disposal bid \$24,250 for the job with an alternate of \$175,000 for once-a-week service in the three summer months.

The only other proposal was by the Milam Corp. of St. Louis, subsidiary of LaMear-United Disposal with a figure of \$185,818.

Historymobile Given To Historical Society

The Illinois State Historical Society will have a new \$35,000 historymobile next fall. A gift from the Robert R. McCormick Charitable Trust, it will replace a unit the trust gave to the society in 1960. It will have its own air conditioning and power supply generator and sleeping and cooking facilities for the driver.

During the last eight years the first historymobile has taken exhibits on the Declaration of Independence, Civil War, the Negro in Illinois, Abraham Lincoln and the Sesqui-centennial to the state's camp puses, schools, county fairs, state fairs and shopping centers.

Nearly three quarters of a million visitors, most of them school children, saw the exhibits.

Three Radar Arrests

Three drivers were charged with speeding as traffic division police operated a radar unit Monday at 2600 East 23rd street. They are Alma L. Chappell, 2523 Madison avenue; Clarence B. McCoy, 2512 West 24th street; and Raymond D. Hillmer, 2665 Madison avenue.

More Registration Units Set Up--Deadline May 13

Special registration periods for new voters and persons who need to change their current registration records have been arranged by County Clerk Eulalia Hotz, who said the new mobile registration unit will be used in the Quad-City area this weekend.

The mobile unit is stationed today at Arlington Heights from 1 p.m. to 7 p.m. with a deputy registrar in charge to accept new registrations and record changes required by changes of address or name.

Miss Hotz said the mobile unit also will be stationed at St. John's Lutheran church parking lot, St. Clair and Dale streets, from 9 a.m. to 5 p.m. Saturday, at Richard's Highway Skelly station, Route 3 and Bypass 66, for Chouteau township voters next Thursday, May 9, and at Harrison's Center, 201 Harrison street, Eagle Park Acres on May 11 from 10 a.m. to 3 p.m.

Deputy registrars will be stationed this weekend for registration purposes at the Kroger store at Namoli Village Shopping Center from noon to 8 p.m. tomorrow and during the same hours on Saturday, and at the Anchorage Homes Recreation Hall from 10 a.m. to 3 p.m. Saturday.

Registrations also will be accepted by a deputy registrar Saturday at the Memorial Center, West Third street and Washington street, West Madison, from 4 to 9 p.m. and at the State Park Place school on Saturday from 10 a.m. to 5 p.m.

Miss Hotz said that the county clerk's office will remain open until 8 p.m. daily for registration purposes only, beginning next Monday. The additional hours will apply through May 13, the registration deadline for the primary election. Newly qualified voters and

Among the projects they undertook were candy sales, serving at banquets, skating parties and car washes.

Draft Questions . . . And Answers

Answers to the most frequently asked questions concerning the draft are being answered by the Madison county selective service office, with the cooperation of the state headquarters staff at Springfield.

The county office is located at 132 North Kansas street in the new post office building at Edwardsville. Its telephone number is 458-8884.

The seventh series of questions and answers follows:

Q: My son writes that his local board has refused to permit him to appeal to the President. Why is this?

A: An appeal to the President is not permitted in every case. If the decision of a State Appeal Board is unanimous, the registrant does not have a right of appeal to the President. The State Director of Selective Service for the state in which the appeal board is located, the State Director of Selective Service for the state in which the appeal board is located, or the National Director of Selective Service are authorized to make further appeal in such cases. The local board does not have authority to take such action.

Q: I live about 40 miles from the closest draft board. When I go to register at age 18, will my expenses be paid?

A: No. Selective Service regulations provide, "persons required to present themselves for and submit to registration shall not be paid for performing such obligation nor shall they be paid travel allowances or expenses."

Q: I am now deferred in Class I-S as a college student. If I enlist in the National Guard what, if anything, will happen to my student deferment?

A: When your local board receives evidence that you have completed such enlistment, you will be reclassified from Class I-S to Class I-D (member of a Reserve component).

Q: My local board has classified me in Class I-S(C). I am a junior in college and was wondering how long I may retain that classification?

A: You may be retained in Class I-S(C) until the end of your academic year or until you cease to satisfactorily pursue your course of instruction, whichever is the earlier.

Q: I am a full-time trade school student studying mechanical drawing. Can I qualify for a deferment?

A: Yes, you may be considered for a Class I-A occupational deferment.

Q: I have received my order to report for induction. Is it too late for me to enlist in the Regular Navy?

A: If you can present convincing evidence to your Illinois local board that a representative of the Regular Navy is prepared to enlist you on or before the date set for your induction, your local board has been granted authority to postpone your order to report for induction to permit your enlistment.

Historical Society Spring Meet Sunday at Fosterburg

Mrs. V. H. Mindrup, president, will respond, and Col. Ralph B. Jackson, Western Military Academy superintendent, will give the history of the Academy. Instrumental and vocal numbers will be features of the program and a report of the Illinois State Sesquicentennial by Edward C. Kane of the Sesquicentennial committee will be heard. The benediction by Rev. Roy C. Carlson of Fosterburg will be given after the colors are retired.

The Fosterburg band will play at intervals during the program.

Church Women United Set Up Clothing Center at CYS

Establishment of a "nearly new" clothing center in the basement of the Coordinated Youth Services office, 1255 Nodinghaus avenue, is being undertaken by the Quad-City Council of Church Women United.

At the first executive meeting of the group held recently, C. A. MacMillan, executive director of CYS, told of the work of the agency and its problems in working with children before they become involved with the law.

MacMillan explained the problems may develop in neighborhoods and create serious social concern and that through the "nearly new clothing center" there would be benefits in combating social, pre-delinquent behavior.

The idea of the center stems from the view of professional social workers that a child who is properly dressed for all occasions will be encouraged to function in a manner more acceptable to good behavior.

Through the clothing program, it was explained, the goal is that the self image of the child will be improved and in this way he or she will in turn contribute to better social order and will not feel rejected or excluded because of appearance.

A proposal of the program

was presented to the Church Women United for their consideration, support and assistance. The women accepted the challenge and through the efforts of many individuals the "Nearly-New" Clothing Center is now a reality.

A committee of women has been formed to share in the responsibilities connected with the center. Those attending the first meeting were Mesdames Marie Gordon, co-president, of the Church Women United, Shirley French, Joyce Schrader, Myra Parrish, Vivian Guika, Lucia Allen, Jeanne Beatty, Dee Roberts, Margaret Rutter, Fern Mitchell and Betty Mobley.

Other women who are interested and wish to participate in this program may contact Mrs. Martin John Schrader at 931-1003 or 876-2383.

Another service being provided by the Church Women United for the Coordinated Youth Services Agency is that of providing transportation for persons needing to go to various social agencies—Boys Town in Graton and other institutions. Anyone interested in volunteering for this program may contact Mrs. Milton Allen at 876-3523.

Miss Young Bang Cho of Korea, who is a 14-year-old student at Coolidge junior high school, presented a musical program on the piano at the meeting Tuesday of the Federated Women's Clubs.

The Guest Day was held at St. John United Church of Christ, and the luncheon was served by the Evening Guild of the church. About 100 were in attendance.

The welcome was given by Mrs. E. J. Griffith, president of the Ladies' Coterie Club, hostess to the luncheon. Mrs. Robert Chapman, past 22nd District president, gave the invocation.

Honorary Guests introduced were the vice-president of the Southern Region, Mrs. Eldon Orr; the 22nd District president, Mrs. Joseph Glassey, and the Madison County president, Mrs. Kenneth Kelly.

Miss Cho, who is studying at SIU-SW campus under the direction of Miss Ruth Slenczynska, presented a two-part invention by Bach, Auschwung and Sable by Schuman.

Also on the program were drama students from SIU-SW campus presenting Thurber's Carnival. They were Michael Bridges, Cheryl Dycus, Janet Dieken, Carol Knoll, Mick Svoi and Dale Swan.

Decorations for the tables were prepared by the Nameoki Women's Club whose president is Mrs. Wilford Cooley and the chairman of the decorating committee was Mrs. Ernest Veihl.

The program was arranged by the Lesche Club with Mrs. George Holtzschner, president, and Mrs. Joan Gordon. Place mats and menu's were provided by the Bay View Reading Club, Mrs. A. E. Krumsek, president; favors for special guests were china mugs with the Illinois sesquicentennial emblem. Place mats at the tables were inscribed with the sesquicentennial emblem and a doll from different countries centered each table.

Each guest received a miniature basket with flowers made by Mrs. W. Cooley. The main table centerpieces were arrangements of red, white and blue flowers.

Shower Honors Miss Reinhardt

A miscellaneous shower was given Monday evening with a surprise dinner for Miss Joan Reinhardt at a St. Louis department store by her associates at work at a St. Louis insurance firm office.

Miss Reinhardt, daughter of Mr. and Mrs. Norman Reinhardt, 1700 Lindell blvd., will be married May 11 to Philip Achenbach of Granite City. The ceremony will take place at St. Elizabeth's Roman Catholic Church.

The shower, during which there were games and prizes, was given by Miss Lynn Matousek and Mrs. Lorraine Lore, and 16 were in attendance.

Student Behavior Categorized

"Psychology In The Classroom" by Dr. Rudolf Dreikurs. (Reviewed by John J. Goddy, a member of the faculty of Guidance and Educational Psychology, Southern Illinois University. Review published in the Daily Egyptian, SIU Department of Journalism, Carbondale.)

In the introduction, Dr. Dreikurs summarized and evaluated the contribution of his work. He indicated that the content was organized around his personal observations and experiences. The nature of these interpretations was intended to provide teachers with information about student behavior which would increase their effectiveness.

In respect to the content as identified by the author, it seems clear that the term "psychology" as used in the title should be interpreted in a very broad manner. The reader is introduced to the manual through an interesting and appealing presentation of background material. The author's grasp of the basic concepts makes the book have about critical classroom variables is obvious.

Considerable writing is devoted to building the confidence of the teacher to participate in the psycho-educational diagnosis of children. After reading Part I, the teacher should be reassured that he is truly the central figure in this process. In addition, he will have come up with a list of behaviors by which student behaviors may be categorized.

'Tis an ill wind that blows no good. A Madison Bakery wagon upset at 19th and State streets due to a runaway horse, and local boys reared a harvest of pies.

St. David's Choral Society presented a concert at Jefferson Barracks, the audience including a large number of Granite Cityans. Soloists included John Hopkins, bass, David Davis, tenor, and Miss Mae Morgan, alto.

A movement to require East St. Louis residents to carry cards of identification has been launched by police there. They propose to arrest anyone without identification, lacking a job and found loitering on the streets. The plan is to be taken up with the State Council of Defense.

The Circle Rhum club was entertained at the home of Mr. and Mrs. A. F. Buentz. Prizes were awarded to Mrs. Arnold Romann, first, William Scherrer, second, and Mrs. F. H. Strackeljung, third. Potential State Administrative Power On Junior College Matters Hampers Voters

When a junior college district including Madison county and parts of seven other counties was submitted in a referendum April 1, 1967, it was opposed by the Press-Record and Collinsville Herald. The proposition trailed in these and other communities; led in a few, and was defeated.

Now, planners have tentatively omitted the Quad-Cities and Collinsville in proposing a second election next Dec. 5. This poses the deceptively simple question to local residents: "Do you want in the district or don't you?"

It is deceptive because petitioners and even district board members will not have final authority. The state "shares" the right to decide, a precedent this move may set for the junior college system. Until it becomes fish or fowl, local or state, voters and taxpayers will be in an awkward position.

For example, they don't know whether they might eventually be added, without a chance to vote, to an Alton- or East St. Louis-dominated district.

A review may be informative: A big defect of the current Illinois junior college program from the time it was launched in the mid-1960s has been the lack of administrative muscle to force areas to finance the 13th and 14th years of education from overburdened property tax rolls.

This element, force rather than choice, affects nearly all phases of planning. Belleville junior college residents encountered it when they opposed expansion to include Duquoy. They said "No," but the state said "Yes" and prevailed.

It makes it impossible to chart the future. Assuming the vote may be favorable in the smaller territory, a two-part plan for the initial proposed assessment base but still includes more than the minimum state specifications, the Quad-Cities and Collinsville theoretically would retain their autonomy. Their high school graduates would attend SIU-SW and other universities and colleges, and local public schools would continue to reimburse those who enroll in existing junior colleges. Or, the two areas could join up with East St. Louis, now considering forming a district. Or they could be added to the Madison county district, which by then might have chosen a campus location without regard for local convenience.

But we might instead find our decision made arbitrarily by state junior college officials from among these various options.

Of course, the proposal may lose regardless of what boundaries are chosen. It did not carry

by much of a margin anywhere last year. Certainly, a sufficient need has not been demonstrated to justify large local and state expenditures, nor has there been an adequate analysis of how present Quad-City, Wood River and Alton vocational training facilities would be utilized.

And state financial aid to junior colleges undoubtedly has been projected in rozier lures than will be borne out. In fact, requests for construction funds already exceed what is available. For any new district, the prospect of prompt aid in the amounts originally promised is, at best, a gamble.

Assuming that no district at all is created here, there is still no guarantee that it won't be done administratively, as was the case years ago in the last few sections lacking high school districts.

If a junior college district is established, to the extent that it represents the wishes of the majority in the affected region, well and good. But the possibility of dictators from afar continuing to lurk in the background, sharply diminishing the luster of Illinois higher education planning.

Citizens are not being dealt with fairly when they are asked to choose between two alternatives not clearly spelled out.

Nor is it fair when they are told that they may as well vote like puppets because someone claiming to be smarter has already made up their minds for them or, in any case, has a big enough stick to force them to conform.

Largest Church Merger Heralds Further Unification Proposals

Creation of the United Methodist Church continues a pattern that may eventually see most Protestant groups joined in a single church body whose voice could have telling impact on the directed toward specific national and world problems.

Combining the Methodist and Evangelical United Brethren organizations in the largest merger ever, the new church group of more than 12 million members will have as president of its council of bishops Eugene M. Frank of St. Louis. Additional United Methodist consolidations are planned between now and 1972, and increasing ties with other Protestant associations under the "United" banner are expected.

While many instances of healthy diversity will continue, the trend will enable United churchmen along with Catholic, Hebrew and other faiths to work cooperatively and effectively toward a more advanced civilization more closely resembling Heaven than anything mankind has yet been able to devise.

Free Trash Hauling During 1968 Clean-Up Campaign in Quad-Cities

Thanks to the cooperation of municipal street departments, Quad-Cityans have an extra opportunity to make good use of their time during the annual Clean Up, Paint Up, Fix Up campaign opening Saturday, May 5. The drive will continue through Saturday, May 18.

The trash that tends to accumulate at any home can be collected by each local family and deposited at the municipal waste tin cans and garbage are normally left to be picked up.

Trucks manned by city crews will pick up such trash next week in Madison, Venice and the Quad-Cities area south of 27th street.

As Chairman a Keith Tobly comments, "Now's the time to take on the task of cleaning out attics and basements and clearing any debris off your property."

While we're on the subject, it's a good time to advertise in the Press-Record to get rid of salable items around the home.

Splitting of Stocks Defended

By THOMAS E. O'HARA, Chairman National Association of Investment Clubs

Q. I'm always attracted to a company that splits its stocks. Recently, though, I read an article by a college economist who said that splitting stocks was wrong and a disservice to the company and to the stockholder. I didn't see the article you mention. My own observation of stock splits is that they are more likely to help than to hurt the corporation and the shareholders.

Q. I own a Toledo, Cincinnati and St. Louis gold bond. Does it have any value?

A. When you have a security of a company apparently no longer in existence, I suggest that you write to the bank listed on the certificate as registrar or transfer agent.

Q. Or you could write to the security administrator in the state in which the firm was incorporated.

Q. I asked my broker about no-load funds. He said load funds are better. Where can I get reports on both?

A. Better for whom? Whether a load or a no-load fund is the best depends on the extent to which the performance of the particular funds in question.

Buying a fund is like buying a stock. There are funds which have done well and ones which have done poorly. The only way to find out whether a given fund has been good or bad is to study its performance over a long period of time.

Q. I have a question about future performance but will give you an indication of what you may expect.

I compliment you for wanting to see your money grow. Arthur Wiesenberger publishes a book reporting on all major mutual fund (load and no-load) performances. Forbes Magazine does much the same thing annually in its "Investment" section. Either one or both, can be most helpful to you.

Early Care Enables Most Mental Patients to Resume Normal Lives

By the Illinois Department of Mental Health (Second of Two Articles on National Mental Health Week, April 25-May 7)

One person in every ten, or 24% of all patients (207,400) seen by psychiatrists in private practice.

Community Facilities There were about 2000 public and private out-patient clinics in the United States last year. Many of these are part-time, and many of them have long waiting lists.

An estimated one million children and adults are served in these clinics. Almost half of these clinics are in the northeastern states, principally in urban areas.

The best-informed mental health professionals estimate that a full-time clinic is needed for every 50,000 people. This would mean 3800, or twice as many as now exist.

There are 531 mental hospitals in the United States. They include 326 state and 205 private hospitals. Administration neuropsychiatric hospitals, two other federal hospitals, and 161 private psychiatric hospitals.

About one out of every 11 community general hospitals, approximately 40%, have separate units for treating psychiatric patients. Another 40% community general hospitals admit psychiatric patients to their regular medical facilities.

Only custodial care is provided by the great majority of patients in state mental hospitals.

A very small percentage receive intensive psychiatric treatment, even though research has demonstrated that some patients can be treated in the hospital as long as five, 10 or 20 years recover when they receive intensive treatment.

The reason for this situation is that few state hospitals get the necessary funds to provide the staff and equipment for intensive treatment.

A key index of this inadequacy is the amount which the hospital spends per day for the maintenance of each patient. Maintenance covers the salary of all personnel, treatment supplies, plus equipment, food, clothing and overhead.

Later figures show that the average daily expenditure for maintenance in public mental hospitals is \$6.74 per patient. In private hospitals, it is \$13.81.

By contrast, short-term care, in which patients spend less than \$44 per patient per day, private psychiatric hospitals \$33, and Veterans Administration psychiatric services, more than \$16 per patient per day.

About 15,140 psychiatrists are practicing in 1966, providing approximately 729,000 hours of work activity per week. However, only 60% of work activity was devoted to direct services to patients, with the remaining time spent in consultation, teaching, administration and research.

A recent comprehensive government survey of psychiatrists, in which 88% reported information about themselves, reveals that only 9% have child psychiatry as their major specialty.

Over half of the nation's psychiatrists are located in the Northeast: 21% in New York, 13% in California, 6% in Pennsylvania, 6% in Massachusetts, 5% in Illinois, 3% in Texas, and 3% in the other states. One state has as few as 11 psychiatrists.

According to a recent study published in The American Journal of Psychiatry, mental illness cost the U. S. about \$20 billion in 1966.

Half of this cost was borne by individuals other than the mentally ill.

Cost of direct treatment was almost \$3 billion. About 15% of this is expended by governmental agencies, and the rest is accounted for by private insurance carriers, private industry and private philanthropy.

Annual expenditures for community mental health programs, including out-patient clinics, total \$112,124,419.

Business authorities conservatively estimate that the annual loss to industry directly related to emotional disorders (under \$121 million) is staggering, amounting to \$10 billion each year.

Registration Opens for GC Parks' Pre-School Programs

Registration is now under way for the Granite City park district's 1968 summer pre-school and kindergarten programs, it was announced today by Harold Brown, park superintendent.

Parents may register a child by calling the Wilson Park office at 877-3089, Mondays through Fridays, between 9 a.m. and 5 p.m. Participation in the eight-week summer programs is limited, and Brown urged those interested to enroll their youngster as soon as possible.

Those registering must be residents of the Granite City park district and will be accepted on a first-come, first-served basis, the park official said. Summer classes will be conducted at Niedringhaus school and in Wilson Park. The program will start Monday June 10. Brown pointed out that each child may attend only one class, with classes divided into one morning and one afternoon session on separate days.

He said this arrangement will enable all participants an opportunity to use the park pool wading facilities, available during the pre-noon hours only.

To enroll in the program, children must have reached their fourth birthday by May 1. Mrs. Ruby Mayberry will again act as general director of the park district's pre-school and kindergarten program, Brown said.

Class Schedule
 Each class will meet twice weekly, with one session in the morning from 9:30 to 11:30 a.m. and one afternoon session from 1 to 3 p.m. on different days.

Parents may register their children to attend sessions on Monday afternoons and Wednesday mornings; Wednesday afternoons and Friday mornings; Tuesday mornings and Friday afternoons; Tuesday afternoons and Thursday mornings; and Monday mornings and Thursday afternoons, Brown explained.

The pre-school program will include art and crafts, storytelling, organized games, nature walks and group singing. No charge is made for either program, the park official said, however, ten cents per day should be given each child to cover the cost of a daily treat.

Brown also reminded parents that each youngster is required to pay a \$1 insurance fee, which will cover the child in any park district program through June 1, 1968.

Alcoholism in Industry To be Meeting Topic

Kenneth A. Rouse, nationally recognized authority on alcoholism in industry, will speak at the annual meeting of the Greater St. Louis Council on Alcoholism, Tuesday, May 14, at 12:15 p.m. in the Bel Air East Hotel.

Rouse, director of rehabilitation services of an insurance group in Chicago, is author of several widely used booklets on alcoholism programs for industry, and lectures on the subject at schools of alcohol studies given by various universities.

The public is invited to the meeting. Reservations can be made by phoning the Council office, 231-9600, or by writing the Council, 1210 Locust street, St. Louis, 63103.

Rouse holds a Ph.D. degree from the University of Chicago, where he was an All-American football player.

The Greater St. Louis Council on Alcoholism, established in 1965, operates an Alcoholism Information Center and works to increase public understanding of alcoholism and to promote the development of more facilities and services for treatment of the illness. It is an affiliate of the National Council on Alcoholism.

RHODERICK KEY In Who's Who

Education Who's Who

Rhoderick E. Key of Charleston, formerly of Granite City, son of Mr. and Mrs. Rhoderick W. Key, 2325 Franklin avenue, has been included in the 1967-68 edition of "Who's Who in American Education," it was announced this week.

He is a 1955 graduate of the local high school and from Southern Illinois University, Carbondale, where he received a B.B. Ed. and M.M. Ed. from the university after graduation. Key was band and choral director at Anna-Jonesboro Community high school until his wife assumed the choral position and he became instrumental music director of the high school and grade school.

In 1966 he joined the faculty of Eastern Illinois University Laboratory School as instrumental music supervisor and presently is the assistant professor and teaches in the School of Music as well as in the Laboratory School. In 1967 he founded the Eastern Illinois Honor Band, composed of select high school musicians from eastern Illinois.

Key will serve as assistant director of the Eastern Illinois Music Camp this summer as he has served in past summers of SIU Music and Youth Camp at Southern Illinois University and Southeast Missouri State College for their summer music camps. Since moving to Charleston he has completed 24 semester hours of work in Music Education at the University of Illinois.

Mrs. Key is a native of El Paso, Ill., and is presently serving as instructor in music education department at Eastern Illinois University and is director of the Methodist Church choir in Charleston. They are parents of a three-year-old daughter, Elizabeth Jane Key.

Arrives in Vietnam; Meets Old Friend

Army Pfc David William Sander, 19, arrived in Vietnam within the past two weeks and has been assigned to the 71st Transportation Co., near Phu Bai, a coastal city about 50 miles south of the demilitarized zone.

The serviceman is the husband of the former Miss Carolyn Adams, 621 Margaret avenue, Mitchell, and a son of Mr. and Mrs. Elroy Sander of Meadow lane, Rural Route Two.

In his first letter home, Pfc Sander wrote that immediately upon his arrival in Vietnam he met a former schoolmate and friend, Bruce Provence, son of Mr. and Mrs. W. B. Provence, 3013 Buxton avenue. "Seeing a familiar face certainly made me feel better," he commented.

He also urged his parents to get his subscription to the Press-Record re-started. "So I can get all the news from home," he wrote. "He appeared to be more anxious to get the newspaper than urging us to write letters," his mother said.

A June 1967 graduate of Granite City, Pfc Sander enlisted in the Army the same month. He trained initially at Fort Leonard Wood, Mo., and later received advanced combat instruction at Fort Stuart, Ga.

Friends may write him at: Pfc David W. Sander, RA 1699483, 71st Trans., Co., APO San Francisco, Calif., 96393.

Markovich, 1038 Third street, Madison, for reason of three violations. Probationary permits were issued to Glenn A. Huber, 1703 Mora avenue, and John W. Kowalk, 2415 Edwards street.

Miss Hinson Is Honored at Spring Pouvoir

The Spring Pouvoir of the Department of Illinois Eight and Forty ended this week at the LaSalle Hotel in Chicago. The Northwest Ridge Salon of Chicago was the hostess group.

One of the major events was a reception, dinner and program in honor of Miss Dorothy Hinson of Mazon, Departmental Chapeau.

During a business meeting conducted by Miss Hinson, reports were given by all chairmen present. Endorsements were made for the officers for the next year, and convention plans made.

Mrs. Sally Finley, Nationale Chapeau, of East St. Louis, and Mrs. Lella Gleason, of Lansing, Mich., were the special guests at the business meeting. Mrs. Finley spoke on the Chapeau's Day to be held on May 17 and 18 at the National Jewish Hospital in Denver.

The Departmental reached its goal of \$1000 to dedicate a bed at the National Jewish Hospital in May. Miss Hinson also announced that the Tuberculosis Nurses Scholarship Fund of \$1500 has almost been reached. County Salons have agreed to donate a little more from each so that this goal might be reached by May 28.

The two new Salons at DeKalb and Crawford Counties were ratified and welcomed into the organization at this meeting. The state meeting will be held at the Sherman Hotel in Chicago on July 28, 29 and 30. Those attending the Spring Pouvoir from Madison County Salon 53 were: Mrs. Norma Hillmer, Miss Fannie Ullrich, Mrs. Orel Hohmann, Mrs. Adeline Drury and Miss Dorothy Hinson.

Insurance Firms Invest

\$1,007 Million in Illinois

Assets invested in Illinois by Metropolitan Life Insurance Co. amounted to \$1,007 million at the end of 1967. It was announced today by W. A. Tribes, C.L.U., manager of the company's Granite City office.

"Metropolitan Life's investments in Illinois contributed significantly to the demand for capital to finance industrial expansion and research, to help the needs of large and small businesses, and to spur the trend towards home ownership," Tribes pointed out. For example, more than \$542 million was invested in corporate securities of companies doing business in Illinois, and Metropolitan Life's mortgage loans in the state amounted to \$276 million.

Card of Thanks 32

We wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from so many friends in our bereavement in the loss of our beloved wife and mother, JEWEL SPENCER. Special thanks to Sedlack Funeral Home.

We wish to thank our kind friends and neighbors for their acts of love and sympathy during our recent loss of daughter, sister and granddaughter, and also extend grateful thanks for the beautiful floral tributes to our loved one.

THE PRANATIS and WINKLEMEIER FAMILIES
Madison Avenue in Madison, Illinois.

In Memoriam 33
In loving memory of your birthday, LINLEY L. WALK, May 1. The flowers placed upon your grave May wither and decay, But never from you who sleeps beneath Will never fade away.

Sadly missed by WIFE and FAMILY
In loving memory of LUTHER and ERNEST WAGGONER who passed away May 2, 1968 and June 25, 1961. Even death has its lonely mission. Though it robs us of those we love, it makes room for the meeting above. A silent thought, a secret tear, Keeps their memories ever near. Time takes away the edge of grief, But memory turns back every leaf. We think of them in silence, Their memory we often recall, But there's nothing left to answer.

But their pictures on the wall, The world may change from year to year, And friends from day to day, But never will the ones we loved, From memory pass away.

Sadly missed by CHILDREN
In loving memory of my beloved ALMA MAE EPPERSON, May 2, 1963. We do not forget you, Nor do we intend, We think of you often, And will to the end, Gone and forgotten by some you may be, But ever to our memory you will be.

Sadly missed by MOTHER, SISTERS and BROTHERS
In loving memory of our dear father, THOMAS SPORIC who died this life May 5, 1955. Loving memories never die, As years roll on and days pass by.

Sadly missed by CHILDREN and FAMILIES

3 Trophy Awards For Open House At State Hospital

Awards in the form of rotating trophies will be presented to three service units of Alton State Hospital next Wednesday during a joint conference committee meeting, it was announced today by Dr. Abraham Simon, superintendent, who said the awards are for overall excellence in programs presented during the hospital's open house earlier this week.

Eleven judges based their decision on how each service carried out the central theme for the opening of Mental Health Week—"Mental Health Yesterday, Today and Tomorrow."

Winners were the Eastern Counties Unit of Psychiatric, the Young Adult Program of Special Services, and the fire department from Supportive Services.

In addition, 13 entries from units and other services will receive special certificates of merit at the ceremony.

The hospital's open house committee began the rotating trophy award in 1967 to create interest in the observance. The same three units won the trophies last year.

DeVine Named to State Police Group Position

Sgt. Michael DeVine of the Granite City police department was elected sergeant-at-arms of the International Association of Identification, and Police Chief Ronald Veizer retired as chairman of the board at a conference during the weekend at Rock Island.

Among topics of interest covered during the three-day meet was identification of the Kennedy assassination weapon, the Oswald gun, presented by Joseph Nicol, superintendent of the Illinois Bureau of Criminal Identification and Investigation.

Two other local police officers are attending the Governor's Conference on Youth and Juvenile Delinquency this week in Chicago. They are Sgt. Harry Mitchell, president of the Metro-East Juvenile Officers Association, and Alan LeMaster, departmental juvenile officer.

Changes in the juvenile structure are being discussed. The conference opened yesterday and will end Saturday.
